
Lab 01

Formatting APA References with Zotero

Walk-through (30 points)

Instructions**Create Report of Collection**

Generate a report of the collection you made during the *walk-through* section. Copy/paste the full report here below.

Using Zotero, right-click on the collection (left panel) → Generate Report from Collection....

Take-Home (30 points)

Instructions**Create APA Style References Section**

Using the collection you made during the *take-home* section, create an APA 7 style References section. Copy/paste the resulting list here below.

Using Zotero, right-click on the collection (left panel) → Create Bibliography from Collection ... → Select Citation Style: American Psychological Association (APA) 7th edition.

This should be a full page with nothing else on it except “References” centered and bolded (no quotes) at the top, and the citations below.

The citations should be in alphabetical order.

The citations should not be numbered, and the second line should be a hanging indent.

References

Delete this and paste references list here.
